

## **Square Meaters cattle - Victorian Breeders Group**

Formed on the 7th May 2011, the Vic Breeders Group welcomes anyone who is interested in Square Meaters cattle to join our informal Group for sharing of knowledge, training, support, and fun get-togethers. At only \$20 per year, this is great value, and puts a little in the kitty for promotion of the breed in Victoria.

A very special thankyou to Glen and Julieanne Jackson of Glenholme Square Meaters for conducting a Masterclass for Beginners at our inaugural meeting which generated loads of enthusiasm and got us off to a great start.

As breeders of Square Meaters, both Stud and Commercial, we have a motto  
....."dont turn anybody away". .

So if you're interested in finding out about the Breed, or want to visit a farm in Victoria near you to view "Squares", then check out the website [www.squaremeaters.com.au](http://www.squaremeaters.com.au) or phone Cheryl Mott at the SMCAA on 02 9834 4322. We will help you with information, show you prime animals for sale, and over a cup of tea (or coffee) give you a few pointers on what to look for when selecting and breeding Square Meaters.

Don't hesitate - a phone call costs almost nothing; we're always delighted to help out in any way we can, and you could be on your way to making one of the best cattle decisions you've made in quite a while!

For more information on the Victorian Breeders Group, please contact
