

Perth Royal 2009

Three studs and 19 heads represented the Square Meaters at this year's Perth Royal and what a quality line up, said Judge Erica Halliday. Erica was very impressed with the cattle brought in the ring. Junior Bulls started off the judging with Kilayr Donatello and followed by Chevy Farm Dynamic in class of 12-16 mths.

Senior Bull – 20 months and over

- 1 Vesco Bobby Dazzler exhibited by Chevy Farm

Senior Champion Bull

Vesco Bobby Dazzler

Junior Champion Kilayr Daroth went in the ring with Vesco Bobby Dazzler and Judge Erica Halliday awarded Grand Champion Bull to Vesco Bobby Dazzler. He was a long bodied sire that glided around the ring holding his head high said Ms Halliday. He is structurally correct, soft and carried the meat all the way down to his leg, she said. Later in the interbreed, Judge Tom Barker (SA) and Ms Halliday crowned Vesco Bobby Dazzler as the Supreme interbreed Champion Bull (Group B) for the Perth Royal 2009. This would be the 4th Royal Bobby Dazzler has under his belt of broad ribbons, what a great achievement.

But it was Meta Park Dexia that caught the judge's eyes as a standout heifer and was awarded Grand Champion Female.

Congratulations to Vince and Maureen Giglia as they still don't disappoint in coming out with those great females.

Steers

The steers competition was fierce with many well prepared cattle in all three on the hook classes. Over 100 steers and heifers entered, mainly schools and universities, but Kilayr Square Meaters of Esperance prepared two lovely steers, one in the light weight class and their other, medium weight. Both steers were pure breed Square Meaters. On the day the light weight steer had 3mm of fat, which let him down, as the judge was looking for animals with a little bit more condition on them.

The second steer had better condition of 7mm of fat, but again was unfortunate to not have been placed. On the hook the light weight steer scored very high against others in all divisions, he dressed out at 55.4% which he was under the class weight by a few kilos and was penalized 16.2 points, which would have put him in 9th place overall.

The second steer also did well in his class and came 18 on the hook again over all. Our congratulations to Adrian and Ellen Moffat for their great effort in preparing and exhibiting steers at the Perth Royal 2009 and what a great achievement.

From Ellen Moffat

Weeeellll!!!!

Its over for another year and as you will see we achieved a great deal.

If only we had known the little fellow had lost 36 kgs in travel we would have left him in the lightweight and he would have been 9th in either LW (37) or MW (52) (HW (47).

Both we upgraded to medium weights due to weights on the Sunday and my penalty cost me dearly but you live and learn and it was a great experience.
